before the law makes a powerful case for the extension of Michel Foucault's biopolitical analysis to include the lives of nonhuman animals. The analysis is most powerful when it grounds its seemingly abstract theoretical discussions of sovereignty, immunity, and dispositifs in the concrete practices of industrial farming, cloning of animals, and the containment of H1N1. Goldsmiths University of London is in southeast London. We offer undergraduate and postgraduate degrees as well as teacher training. PGCHE study abroad and short courses.
